I am concerned that we have no easy system for recording that which has been copied from DAI/ER files in the course of file reviews for Cong select Committee or for the Public Staff, IO etc or anyone else. The problem, as a result of record keeping, is that in the months ahead we will be reviewing material for the "emptiness" time not knowing what had been pulled for whom.

2. What do you think of
having a rubber stamp
made & stamp on the reverse
side of any document pulled
